

## RFP

Requesting Maintenance of Internal Connections, which covers the operation, management and monitoring of LAN or WLAN including managed Wi-Fi. Meade USD 226 owns the equipment located at Meade High School and Meade Elementary School. Multi-year contract is accepted. We prefer vendors located in our area. This is for managed Internal Broadband Services and Basic Maintenance of Internal Connections. Expenses will include the management and operation of the LAN/WLAN, including installation, activation and initial configuration of eligible components, and on-site training on the use of eligible equipment. Eligible list includes repair and upkeep of hardware, wire and cable maintenance, configuration changes, server maintenance, basic technical support including online and telephone based technical support and software upgrades and patches including bug fixes and security patches. This is for support only. Responses must be received via email only to [erate@usd226.org](mailto:erate@usd226.org). Responses must include Item 21 level pricing and descriptions. Vendor is aware of and agrees to follow SLD guidelines on Lowest Comparable Price. Failure to comply with any of the items above may be grounds for disqualifications.
